Employment

- RCS RDS (telecom) NETWORK MANAGER 1998 – 2006

As a network manager, i took care of updating the network, customer service, special campaign and the staff.

- Fantassia Pizza Chef 2006-2017

As a Pizza Chef, I was responsible for the menu, special campaign , direct contact with the suppliers and training new staff etc.

- Crosskey developer(trainee) 2018 October-December

As a trainee developer, I have also added more java skills such as spring framework, OOP programming.

I have also learned to use Agile Methods (working in 4 weeks sprints) and Jira.

Other Skills

- I am a happy, positive and a customer oriented person
- Easy to learn different technologies
- Works hard and puts high demands on quality
- Can handle stressful situations
- Others experience me as a happy and social person
- I am a fast learner and I am very thorough as a person.
- Taking and giving constructive criticism is a quality that I have had

the opportunity to develop during my studies and working hours. I think it is an important quality when you want to be part of a productive and motivated team.

- I am a problem solver who always focuses on quality solutions.
